

I was saved at age six at Fundamental Baptist Church in Kaneville, Guyana, during a soulwinning class when I was used as a witnessing example by the pastor teaching. That day I realized I was a sinner bound for hell. I believed in the Lord Jesus and his great work at calvary, repented, and asked Him to save me. Praise God for his great love!

God was calling me to preach at the age of seventeen. Since the age of fifteen, I have been serving in bus ministry, children's ministry, youth ministry, and preaching the gospel. I attended bible college where I met the woman God made for me, Haley. In 2018 I married her. Together we have three lovely children—Leah, Allison, and Adeline.

In 2023, my family and I were called to be missionaries to Guyana. We surrendered. Following the Lord's calling to Guyana, my family and I took a survey trip there. This survey trip was atypical, presenting a unique opportunity. God provided a building in the village of Friendship, Guyana, that was constructed for a church, but lacked a minister. While in Guyana, I was blessed to help start that church and for five weeks, worked building the ministry. God gave the increase. Several made profession of faith and when I left, the church had a handful of faithful attendees.

Now back in the USA I am aching to return to the mission field. During this time, a local Guyanese pastor is stretching himself to keep the church doors open while my family and I raise the necessary support to return. The goal is to establish a strong church out of which to plant other local churches. Eventually, I also envision starting a Christian school. There are none that I currently know of on the East Bank Demerara of Guyana. Due to the pressing need, my goal is to be in Guyana by year's end. This is no easy task and requires much faith, but I am

holding to the promise that “Faithful is he that calleth you, who also will do it.” 1
Thessalonians 5:24.
