Dear Pastor,

I am overjoyed to recommend to you Alvin and Haley Yankana as missionaries to the much needed field of Guyana, South America. Guyana is a field that is steeped in false religion and ungodly worldliness.

The Yankanas have a tremendous opportunity to take on a work that they helped start, along with Alvin's dad, in 2023. There is a building and a handful of people waiting for a man to lead them in reaching the community of Friendship Village. His desire is to plant churches and see nationals trained and lead those works.

Alvin and Haley have been faithful servants here at Faith Baptist Church. They have been involved in almost every aspect of ministry and have grown in their gifts and in faith. They will truly be missed at Faith. Bro Alvin is a solid preacher who desires to stay true to the Word of God. I know his preaching would be a blessing to your folks.

I hope that you will consider having them in to present their burden for the field. God is doing a great work already in Guyana and we are excited for the future.

For His sake,

Pastor Brandon Shull
